- Why: This is our first look into one of the Jaguar Parts Suppliers many of us depend on with some good to know information.
- Cost: All you need to do is to log in. In lieu of purchasing a ticket, we ask that you mute your microphone so that all participants can hear the speaker.

Moss Motors acquired XKs Unlimited in 2017, adding strength and expertise. Together they created Moss Classic Jaguar to expand the availability and improve the quality of parts for our Jaguar Cars.

Michael Marter will provide some information about Moss Motors, how to ensure you get the right parts, and product development (like the E-Type Exhaust System), time permitting.

Although many of us rely on Moss Motors to provide parts for our cars, this is not an endorsement and you need to make your own decision where you purchase your parts. The Jaguar Club of Southern Arizona is not responsible for any claims, representations, endorsements or statements made during our Tech Tips. You must conduct your own due diligence and make your own decisions before seeking the services or advice of any of our Tech Tips Host(s) or their representatives or the Jaguar Club of Southern Arizona or its members.

Looking for a good read? Pick up a classic.

Moss Motors printed its first parts catalog in 1962. Today we have 12 catalogs for a wide range of British sports cars—free for the asking. Our goal is to provide quality parts at an affordable price, and to give these legendary cars a storybook future.
